INCOMPLETES

If a student does not complete the required course work by the time the instructor must submit his grades, the student will receive an I (incomplete) for the course. The student has one semester to make up the incomplete work. If after one semester, the student has not submitted the work, the incomplete grade will be changed to an F.

The student also has the option to repeat the course for which he received an Incomplete. If, after repeating the course, a passing grade is earned, only the passing grade will be used in calculating the student's GPA.

REPETITIONS

A student who fails a course may repeat that course. If after repeating the course, a passing grade is earned, only the passing grade will be used in calculating the student's GPA. The student has one year's time from the end of the semester in which he failed the course to repeat that course.

REMEDIAL COURSES
